

## Environmental Policy

### <Basic Philosophy>

As a food company that aims to contribute to healthy and enjoyable lifestyles through offering unique products derived from advanced milk technology, the Morinaga Milk Group contributes to social sustainability by protecting the environment and preventing environmental pollution.

### <Basic Policy>

1. We set objectives for our activities for environmental protection and the prevention of environmental pollution throughout the total lifecycles of our activities, products, and services. By reviewing those goals on a regular basis, we continuously improve our environmental management system.
2. We properly manage compliance with environmental laws and regulations and our environmental commitments.
3. We assess and respond to not only the impact of our business activities to environment, but also the impact of the environment to our business activities.
4. We address the following priority environmental management issues:
  - (1) We promote greenhouse gas emission control to prevent global warming.
  - (2) We promote business operations based on resource efficiency and energy efficiency to make effective use of limited resources.
  - (3) We promote the 3Rs (Reduce, Reuse, Recycle) and appropriate disposal of waste in order to form a sound material-cycle society.
  - (4) We promote the development of new technologies related to the environment and incorporate environment-friendly technology in product development.
  - (5) We disseminate accurate information on the environment and make efforts to improve our social credibility.
  - (6) We strive for coexistence with society and communities.
5. This policy is disseminated to all employees and released to the public outside the company.
